

# Welcome to Routeforward

Routeforward is a new partnership of Coventry organisations and businesses with a shared interest in providing effective and accessible travel to everybody in Coventry.

There are links to the main Routeforward partners at the bottom of each page, and clicking on 'About Routeforward' at the top of this page will tell you more about the partnership and its aims.

This website has been designed to be of interest and assistance to everybody who needs to travel within Coventry, either for work, to personal appointments, or for social/leisure purposes.

Community Transport have announced that the Swiftlink service will stop operating from 18th July 2008. For more information click [Here](#)

## SPECIAL OFFER

Routedirect, a unique taxi style service for people who receive Mobility Component DLA is currently offering your first four trips for free! To find out more, and to see if you would be eligible for this service please click on the Routedirect link in the menu on the right hand side.

If you are already happy travelling without assistance, you might find the Travel Planners interesting, or you might be inspired to change your travel habits and consider public transport, car sharing, or other environmentally friendly moves.

If you need more support to get you out and about, Routeforward offers transport and travel services which could help, from travel training to subsidised Demand Responsive Travel (subject to eligibility criteria).

Have a look around this, the Routeforward website, by using the menu on the left, or the shortcuts on the right.

If you would like to get in touch with us to find out more about how Routeforward might be able to help you, click on 'Contact Us', above.
